

Applying for a passport from outside the UK Paying by Credit Card or Debit Card

Please fill in the instruction below and include it with your passport application. A separate instruction should accompany **each** application. We accept Mastercard, Visa, Electron, Diners Club and JCB. You must ensure that you have checked with your card provider that your card is valid, for this international transaction, and that adequate funds are available.

The 16 digit number (14 digits for Diners Club only) **must** be included below. If this number is not included payment will not be processed. Your application will be delayed if your card has run out or you do not give your card's expiry date, or the security number. If you do not write the correct fee in the instruction, we will still charge the correct fee for the service you have asked for.
